Dill Specifications

Organic Way supplies dried dill leaves and tips to sauce makers, pickle producers and seasoning manufacturers. This page covers dill leaf material rather than dill seed, with the grade selected around the aroma and visible herb texture your recipe needs.

Parameter	Specification
Botanical identity	Anethum graveolens L.
Plant part	Leaves
Supply form	Dried dill leaves / tips; cut or finer grade on request
Origin	Egypt

Specification, not a batch-specific Certificate of Analysis. Final grade and commercial terms are confirmed in the quotation.
