Hibiscus Specifications

Organic Way supplies dried Egyptian hibiscus calyces to herbal tea manufacturers, beverage producers and botanical wholesalers. Often traded as hibiscus flowers, this ingredient offers a tart flavour and red infusion colour for loose tea, tea bags and beverage blends.

Parameter	Specification
Botanical identity	Hibiscus sabdariffa L.
Plant part	Dried calyces
Moisture	max 12.0%
Extraneous Matter	max 2.0%

Specification, not a batch-specific Certificate of Analysis. Final grade and commercial terms are confirmed in the quotation.
