Moringa Leaves Specifications

Organic Way supplies dried moringa leaves for herbal tea blends and botanical ingredient distribution, and handles moringa leaf powder enquiries for food and supplement manufacturing. Each enquiry is reviewed around the leaf material, processing form and quality profile required by the buyer.

Parameter	Specification
Botanical identity	Moringa oleifera Lam.
Plant part	Leaves
Supply form	Dried leaves; leaf powder and cut grades on request
Origin	Egypt

Specification, not a batch-specific Certificate of Analysis. Final grade and commercial terms are confirmed in the quotation.
